Here is an easy and simple loose fitting cardigan your Bleurette can wear over modern or classic dresses, skirts, blouses and other tops. Easy simulated raglan design construction knits up quickly. Picot edge on the body adds a decorative touch. A simple K2, P2 ribbing is used on the sleeves with directions included if you wish to use this on the hem of the body as well. This makes it very versatile and one you can knit over and over for all of your Bleurette girls! Easy beret style hat can be made again and again to match all of her many outfits!

Rating: #1 – Easy. Although you only need to know how to knit and purl, you must be able to read instructions, increase and decrease stitches. Uses lace weight yarn on size 3/0 (1.5 mm) needles with gauge 14 stitches per inch and 18 rows per inch.

RULES TO KNIT BY

For successful doll knitting, I have found the following “Rules to Knit By” work every time to produce successful results.

1. Make a swatch and check your gauge. I knit up my swatch and let it “rest” over night. This way the yarn has a chance to relax and be more accurate. Also, and even more important, check your gauge (tension) while you are knitting. Keep an even tension and correct it early to avoid wasting hours of knitting only to have a sweater that does not quite fit!
2. Read through the instructions first, before you begin. Check all the terms and abbreviations used to make sure you understand how the garment is to be made. If there is a new technique in the pattern, practice it first on a scrap piece before you attempt it on your garment.
3. For doll knitting, I found knitting only with natural yarns work the best. I prefer wool, silk, alpaca or blends of these yarns. I do not like to waste my time on inferior yarns. I do not recommend “sock yarn” for any of my patterns.
4. Steam and block your sweater! This is like “pressing” when you sew. I do it several times while knitting. This insures a wonderful finished product that looks professional.
